Stonewall Elementary Volunteer Sign-up Sheet 2009-2010

Stonewall Elementary has a rich tradition of parent involvement in the school and in the PTA. The school and the PTA needs volunteer help for many different committees. Getting involved is a great way to meet other people and get to know the students.

Please read the following information about committees and volunteer opportunities. If you are interested in helping with or finding out more about one of the committees, place a check by the committee name(s) on the back of this sheet.

Please fill out only one form per family. Additional committees may be created during the school year, so watch for information to be sent home with your child or posted on the website; www.stonewallpta.org. Committee chairpersons will contact you when help is needed to see if you are available.

Keep in mind that our school is graded on its parental involvement hours, so remember to sign in as you volunteer when helping with classes, programs or special events at the school! We tally up these hours to turn in to central office, and we want to make sure that all our volunteer hours are counted!

We look forward to a great school year with you!
